This is just a small and surface picture of who we are as a congregation and a community. There are many other factors that help shape our ideas, values, and perceptions as individuals and in groups. Understanding and valuing where we all come from can help make us a strong, supportive, and caring body. Now that we have this beginning picture, what do we do with this information and where do we go from here? If you have questions or ideas, please contact one of the following. Father Pelkey, Deacon Jan Halstead, Linda Dozier, Lea Melvin, Cynthia Mudd, Craig Strauss, or Jerry Woltring.
